# Lana Moore- SDA Registrar

Lana received her Bachelor of Science in Nutrition from the University of Saskatchewan and her Master of Science in Health Promotion from the University of Alberta. Lana has worked in public health nutrition in both Saskatchewan and Alberta. Lana has been the SDA Registrar since 2007.

Lana balances her role as Registrar with life on the farm with two young boys and all that entails. She finds the role of SDA Registrar as an opportunity to learn about the regulatory aspects of dietetics and to meet dietitians who are passionate about our profession.
