

Do you have a concern about a Saskatchewan Dietitian?

Contact SDA (306-359-3040 or registrar@saskdietitians.org) to initiate a formal complaint.

When a formal complaint is received an investigation will occur and then the Professional Conduct Committee (PCC) will determine the appropriate action.

The Discipline Committee includes both dietitians and public representatives. The committee determines if the dietitian is incompetent or guilty of professional misconduct and the appropriate disciplinary action.
