

Private Practice Dietitian Services in Saskatchewan

Private Practice Dietitians set their own rates, so contact the individual dietitian or check their website for pricing. The costs for private practice dietitian services are covered by some insurance providers, so check your coverage.

This list is alphabetical by business name. Where applicable you will see the name of the dietitian and location of the business. **The majority of the private practice dietitians have an option to provide services virtually, so please contact them directly for more information.**
