

Practice Standard

STANDARD 2

ASSESSMENT & INTERVENTIONS

Saskatchewan
College of Dietitians

Version 1 | May 2026

Standard

Registered Dietitians competently select and interpret assessment data, develop goals/plans, and implement appropriate interventions in the delivery of client-centred, professional services.

Indicators

To demonstrate this standard, Registered Dietitians will:

- a) Obtain clients' consent for professional services.
- b) Obtain, review, and interpret relevant assessment data.
- c) Collaborate and communicate with clients to determine goals/plans and interventions.
- d) Implement, coordinate, and document the delivery of client-centred interventions.
- e) Monitor, evaluate, and document the impact of interventions in achieving identified outcomes, proposing alternative interventions if goals have not been achieved.
- f) Continue to offer professional services until either the client is transferred, discharged, self-managing, declines care, another provider has assumed responsibility, or the Registered Dietitian determines further services are not required.

Practice Outcome

Clients can expect that Registered Dietitians assess relevant data, develop goals/plans, implement, and evaluate client-centred interventions.
